Product description

SafeStep INOX 517 - Wall-Mounted Disposable Shoe Cover Dispenser (Acrylic Front)

Professional Hygiene & Organization for Your Facility

The **SafeStep INOX 517** is a **modern, durable, and functional wall-mounted dispenser**, designed for **storing and distributing disposable shoe covers**. Constructed from **stainless steel INOX and transparent acrylic**, it **protects shoe covers from contamination** while allowing **easy monitoring of stock levels**.

This dispenser is an ideal solution for environments that require high hygiene standards, such as **hospitals, laboratories, medical facilities, dental clinics, industrial sites, and food production areas**.

High-Quality Stainless Steel & Transparent Acrylic Front

- **1 mm stainless steel INOX body** ensures durability and resistance to damage.
- **3 mm transparent acrylic front** allows **instant visibility of remaining shoe covers**, eliminating unnecessary opening.
- **Modern and professional design** blends seamlessly into various professional environments.

Transparent Front - Instant Stock Level Control

With its **see-through acrylic panel**, users can **easily check the remaining supply of shoe covers**, ensuring timely refilling and uninterrupted workflow.

Easy Refilling & Hygienic Dispensing

- **Convenient top-loading system** - simply remove the **stainless steel lid** to refill the dispenser.
- **Wall-mounted design saves space**, eliminating clutter and providing easy access to shoe covers.

Three Dispensing Opening Options

To accommodate different storage preferences, this dispenser is available with **three dispensing openings**:

- ☐ **001 - Circular opening** - best for loosely packed, rolled-up shoe covers.
- ☐ **002 - Mid-level rectangular opening** - ideal for stacked shoe covers, enabling easy single-piece withdrawal.
- ☐ **003 - Lower rectangular opening** - ensures smooth and effortless dispensing of individual covers.

☑ **Customers can choose their preferred dispensing opening when placing an order.**

Technical Specifications:

☑ **Dimensions:** 258 mm x 517 mm x 96 mm

-
- ☐☐ **Weight:** approx. **2.9 kg**
 - ☐☐ **Capacity:** 12.81 liters
 - ☐☐ **Material:** 1 mm stainless steel INOX + 3 mm transparent acrylic
